BUILT ON LEGACY.

FOCUSED ON THE FUTURE.

ABOUT SAMHA DEVELOPMENT

Samha Development might be a new name in property development but our roots run deep – built on **more than 3 decades** of trust, quality, and **over 400** successfully completed projects.

We don't start from scratch – founded by the visionary behind Al Wathba Building & Contracting, **established in 1989** and recognized as one of the country's most respected construction companies, Samha Development represents the next chapter in a legacy of excellence. While Al Wathba has long been known for delivering durable, high-quality construction across residential and commercial projects, Samha Development extends that expertise to creating entire communities – from concept to completion.

With deep knowledge of what makes projects succeed – structurally, commercially, and socially – Samha Development integrates design, engineering, and customer experience into every development. Our mission is not just to build properties, but to craft spaces that elevate lifestyles and generate long-term value for both investors and end users.

OUR HERITAGE

- **400+ Projects delivered** under the Al Wathba Building & Contracting banner
- **35+** Years of experience in construction, engineering, and project delivery
- **3 Projects already completed** in Dubai
in Warsan 4, Liwan, and Jumeirah Village Circle (JVC)
- Trusted by government entities, private investors, and leading architects

What We Stand For:

- Excellence through experience: Backed by Al Wathba's proven track record
- Forward-thinking development: Focused on sustainability, livability, and innovation
- End-to-end delivery: From land acquisition and design, to construction and handover

LOOKING AHEAD

Samha Development is poised to become a driving force in the Dubai real estate sector. Having already delivered three successful projects across key neighborhoods – Warsan 4, Liwan, and JVC – we are now proud to launch our first off-plan sale project. By combining the practical expertise of construction with the strategic vision of modern development, we are ready to deliver projects that stand the test of time – just like the 400+ that came before.

SAMHA RESIDENCE 2

WHERE SOPHISTICATION MEETS SERENITY

SAMHA RESIDENCE 2

Life in Dubai: Where Ambition Meets Luxury

Dubai blends luxury, innovation, and opportunity. Enjoy tax-free income, world-class amenities, and a safe, multicultural environment. From pristine beaches to iconic landmarks like Burj Khalifa, the city offers an unmatched lifestyle for families and professionals.

Jumeirah Village Circle (JVC): A Master planned Oasis

JVC is one of Dubai's most sought-after residential communities, known for its green spaces, affordability, and family-friendly vibe. Unlike dense urban areas, JVC offers low-rise villas & mid-rise apartments with a serene, suburban feel—all just 15 minutes from Downtown Dubai.
