

An aerial photograph of a tropical beach. The left side of the image shows clear, turquoise water with some darker patches of coral or rocks visible beneath the surface. The right side shows a wide, sandy beach. Numerous palm trees are scattered across the beach, some standing alone and others in small groups. A few people can be seen walking on the sand. In the bottom right corner, there is a small area with a paved road, a car, and some buildings or structures. The overall scene is bright and sunny, suggesting a warm, tropical climate.
