PRE-LAUNCH PRESENTATION

The Developer

alyakka
DEVELOPERS

ALYAKKA is a homegrown real estate development company built on over 25 years of diversified excellence across the UAE. Established in 2024, ALYAKKA continues this legacy by creating communities that blend thoughtful design, exceptional lifestyle experiences, and lasting value, shaping the future of modern living across the region.

The Location Advantage

Studio City has a lot to offer, especially if you are after an exciting and well-connected lifestyle.

Centrally Located

Studio City sits in the heart of Dubai, giving residents quick access to major highways. The location allows easy commutes, making it ideal for professionals heading to work, investors visiting entertainment districts, and travelers rushing to the airport.

Free Zone Benefits

Studio City is a designated free zone, attracting business owners and entrepreneurs. Its tax benefits and business-friendly setup make it ideal for startups, freelancers, and professionals in the media industry.

Designed for Convenience

Get everything done close to home. Supermarkets, pharmacies, gyms, salons, and a variety of eateries are all nearby, making daily errands fast and convenient without long commutes.

Quality of Life

Life here is about balance and convenience. Well-connected roads make daily travel efficient, while gyms and boutique fitness studios keep staying active simple. With cinemas, cafés, and restaurants nearby, relaxing is as easy as getting things done.
