EGYGAB

Building community & growing families

Founded in 1977, Egygab Holding has a rich history of building successful businesses and contributing to Egyptian society. The company started with construction projects and later expanded into education, agriculture, and industry.

Egygab Holding has been dedicated to adding value to its communities and continues to be a driving force in Egyptian development.

LIFE OF SENSES

About

the ISLANDS

A residential community that invites residents to experience a life filled with sensory delights, where every moment is an opportunity to connect with nature, indulge in luxury, and cultivate a sense of well-being.

Our Promise is providing a haven where residents can immerse themselves in a world of sensory experiences, from the gentle breeze on their skin.

the ISLANDS

LIFE OF SENSES

Location

(R8)
is a neighborhood developed by private companies in the New Administrative Capital. It's strategically located near the Government District and the Green River, making it a central and desirable area.

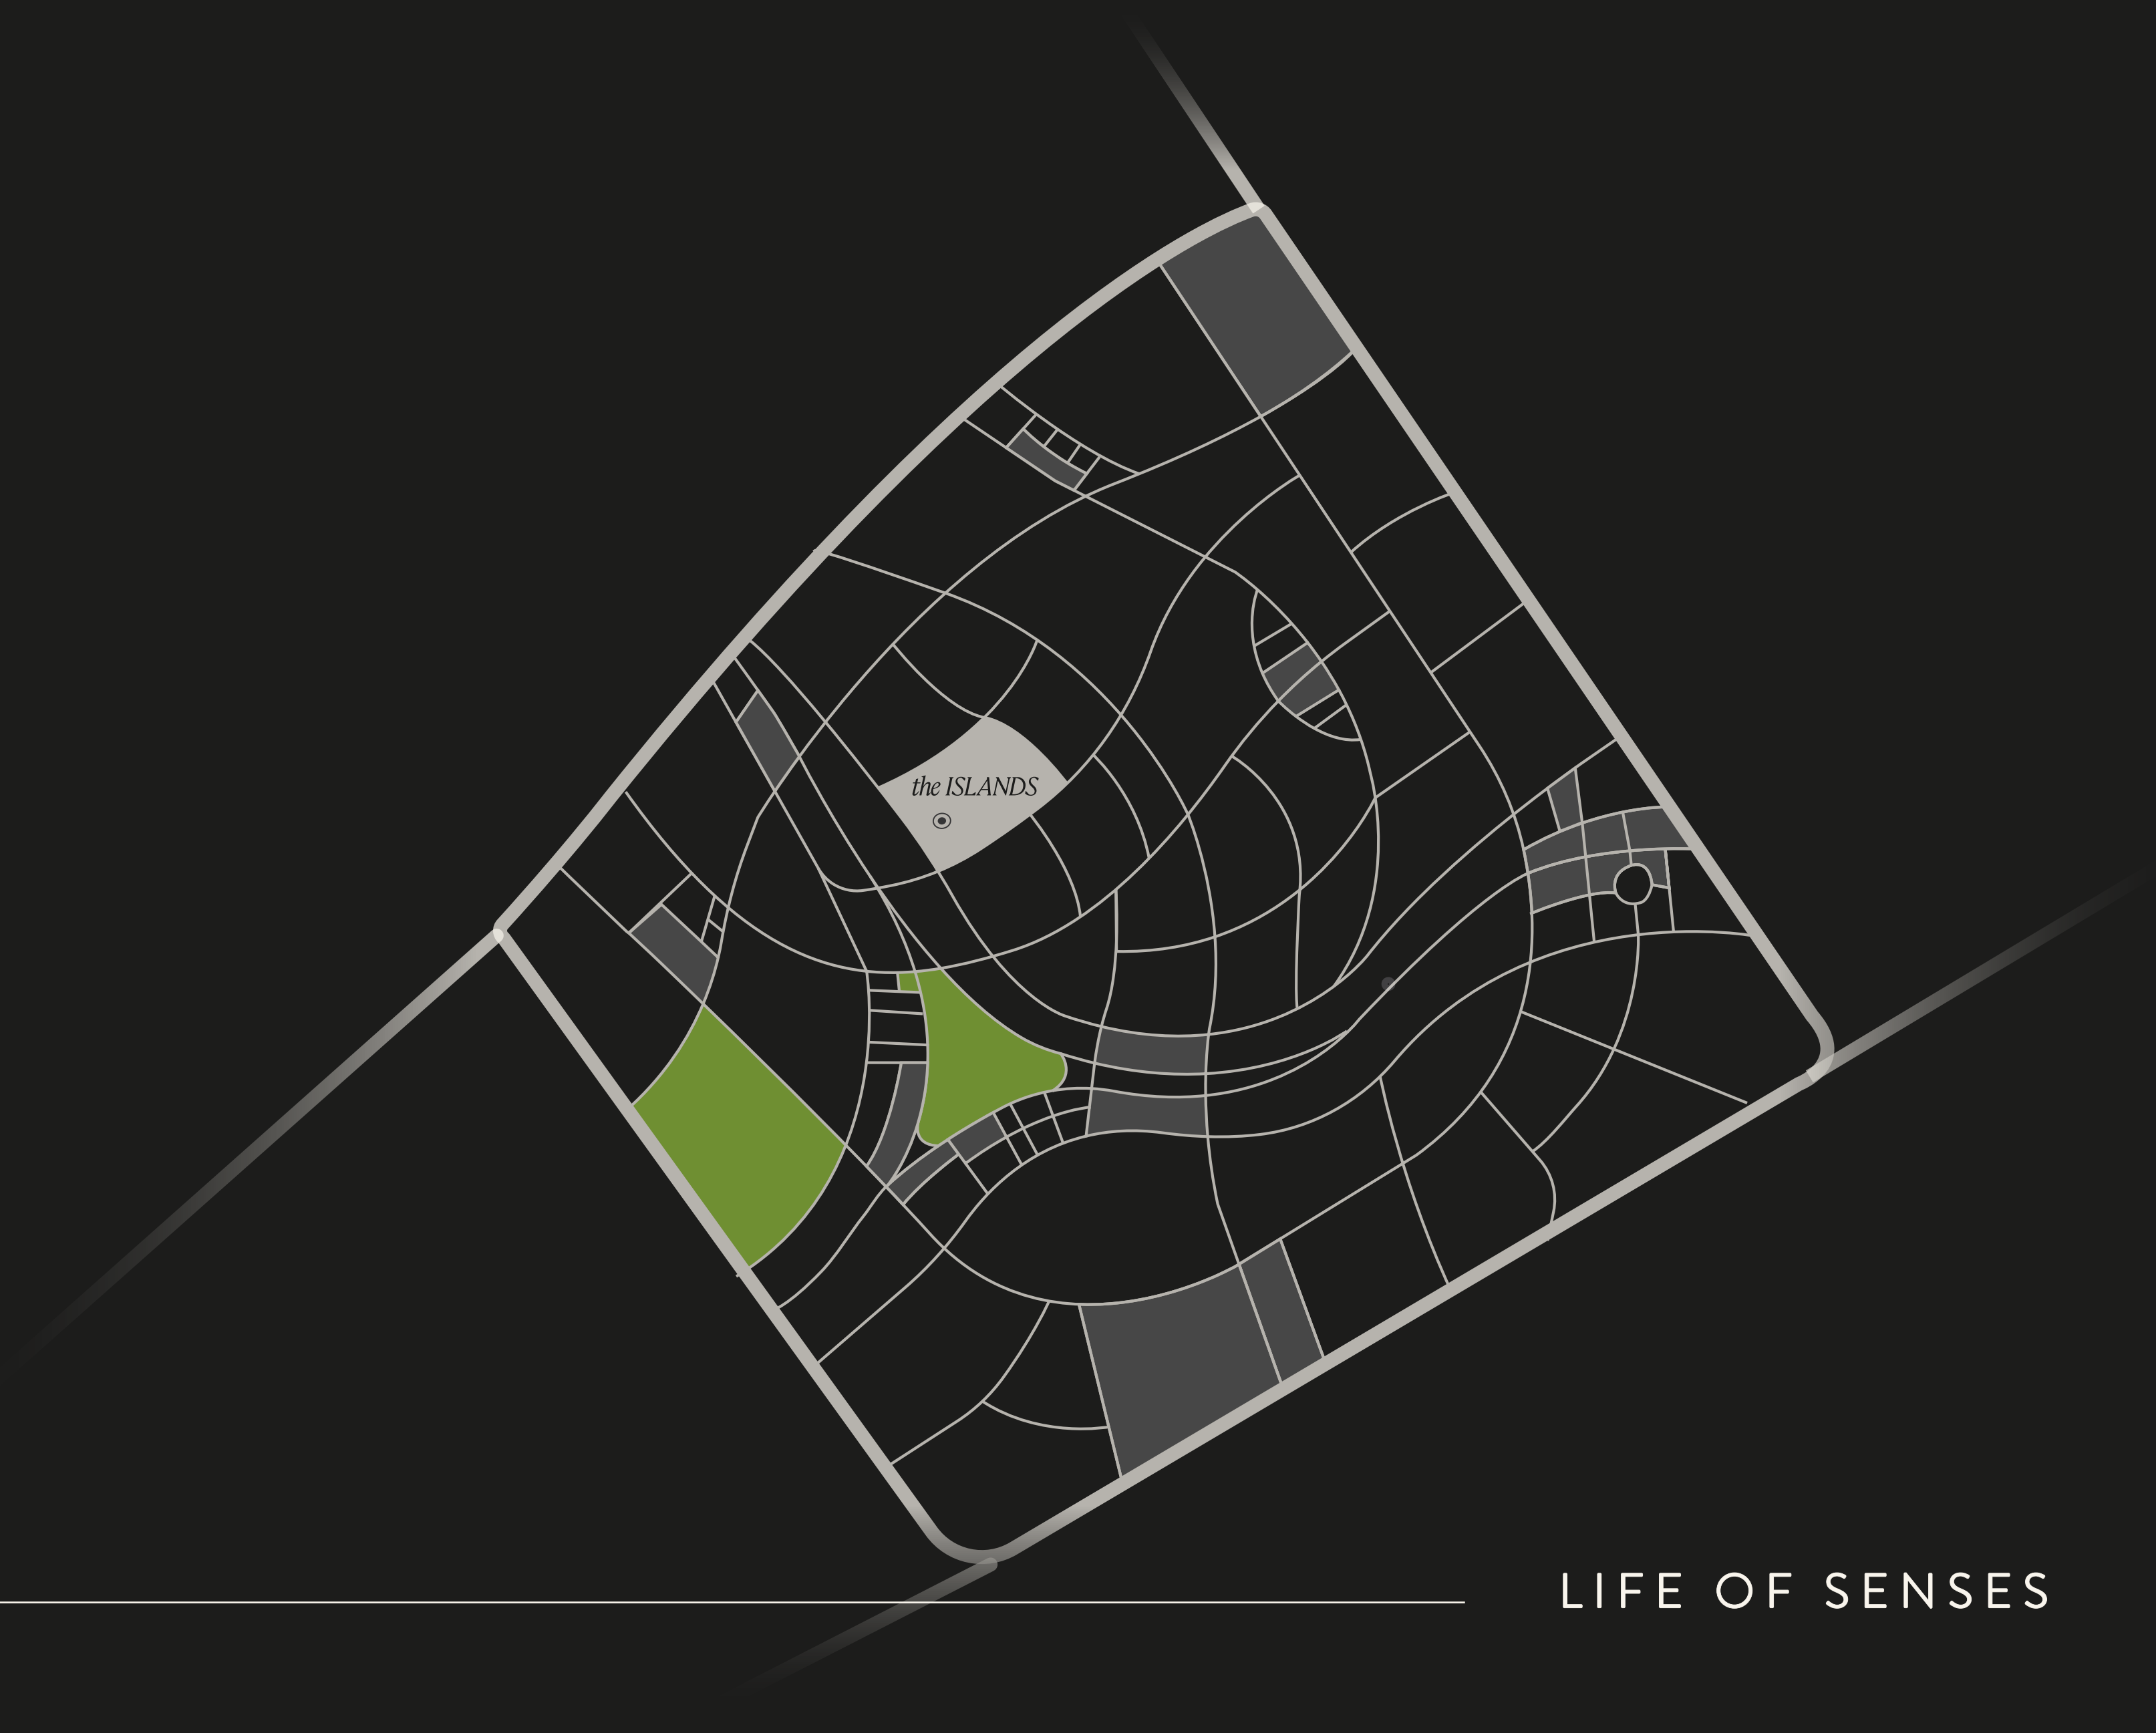

the ISLANDS

LIFE OF SENSES

(R8) is also located near the Diplomatic District & Government District. The total area of R8 is approximately 4000 acres. Only 20% of them have been allocated to buildings and the rest of the Landscape & Lakes area.

- Commercial & Administrative areas
- Central Park & green areas

Concept

the ISLANDS

- Project is built around 4 different islands of sensory gardens.
- Each Island garden will have a full sensory garden experience of landscape, greenery & water feature.
