

CENTURY.*City*
GREENSPACE NEIGHBORHOODS

The Ultimate
Greenspace
Neighborhoods.

The green neighborhood in the heart of New Cairo.

The only compound in New Cairo that has 75% of greenery versus only 25% of buildings on land. A neighbourhood where greens, spaces and nature matter.

VANTAGE
URBAN DEVELOPMENTS

Vantage Urban Developments

*Bringing back the good old days
within an unmatched
cosmopolitan living model.*

Our commitment is to create vibrant communities that boast with value driven principles to raise the bar of contemporary living by enhancing value to its customers, creating harmonious communities within integrated developments.

Vantage developments is uniquely positioned to create a new level of contemporary living tithing its customer-focused philosophy practices; its developments emphasise on ensuring an enhanced value for its residents through models that encompass a true model of efficiency.

Lush Green Homes

At Century City, the design of the green spaces is within an eco-cluster concept that complements the lines of surrounding architecture. With a design scheme of segregating open spaces of precisely designer greenery within three main clusters within its development. The boundless outdoor spaces within unobstructed sights of foliage are a home to new acquaintances and chorusing experiences within a Greenspace Neighborhood.

Close to everything

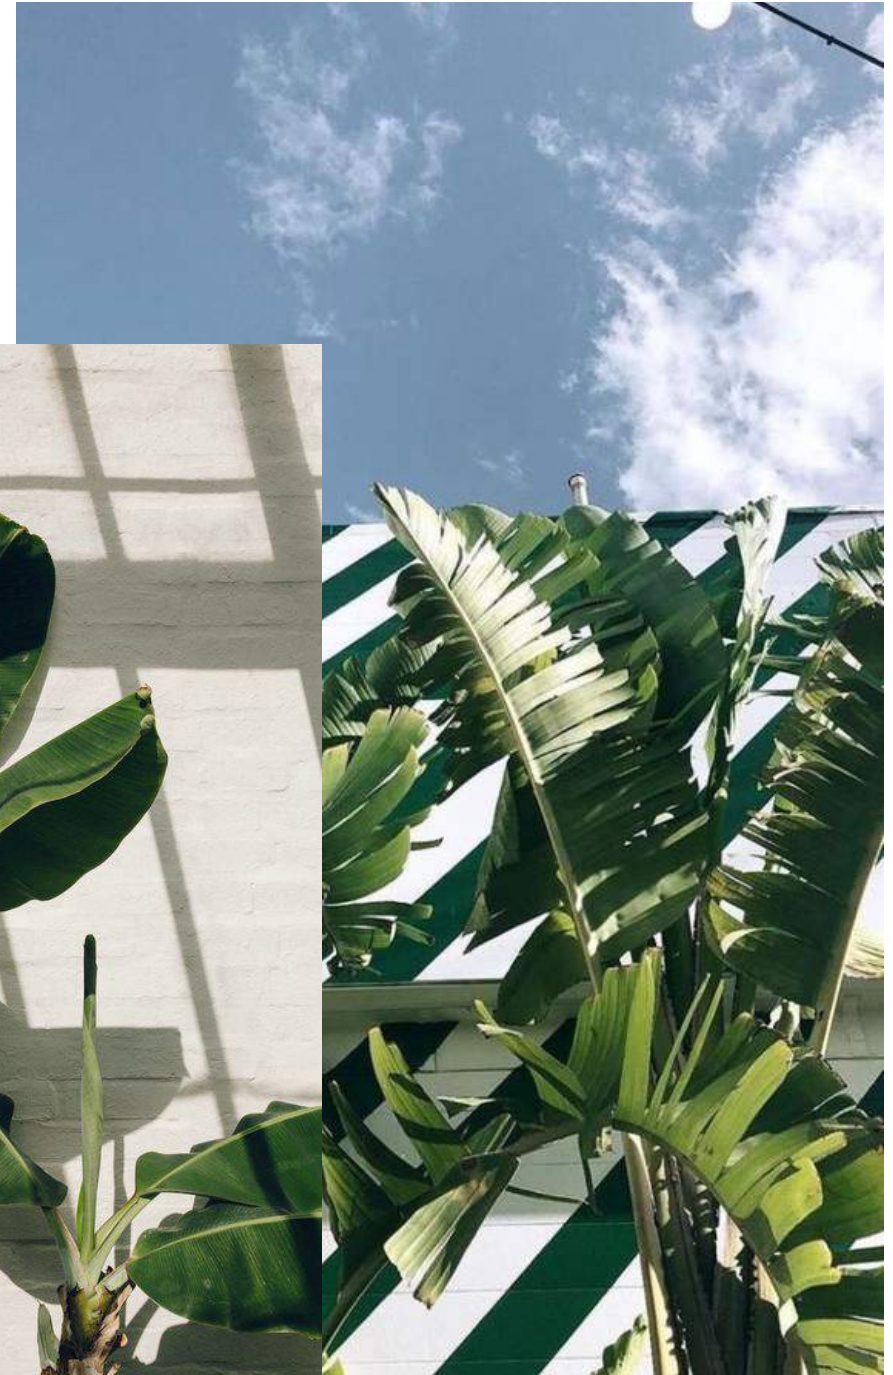

The ideal location.

Lifestyle

Your dream life awaits.
Exceptionally;

Master-planners have come together to create the ideal use of green views within the Eco-cluster concept within a 19-acher boutique development, a home to over 500 residential units. Appreciate a living experience with an emphasis on green garden and pedestrian zones to allow residents to lead a tranquil life that is restricted, reserved and safe.

Your home. Your haven.

Homely.

Art Deco & all about it

Featuring a modern spin of art-deco elegances combining geometric representational forms and elements enduring the art of beauty within clear sharp architectural lines. The residential designs accommodate maximum views, uninterrupted natural sights with a blend of nature and well-being and comforting tones of jade.
