'MY HOPES & DREAMS'

THE VISION OF AMALI

AMALI CREATES SEA-KISSED URBAN RESIDENCES THAT GO BEYOND THE ORDINARY AND REDEFINE THE CONCEPT OF LUXURY LIVING. WE CREATE REALMS THAT EPITOMISE SOPHISTICATION AND REFINEMENT, WORLDS WHERE FORM, FUNCTION AND FINESSE MEET IN PERFECT HARMONY.

THE VISIONARIES

In a world where luxury is often equated with excess, Ali and Amira Sajwani are on a journey to embrace exquisite simplicity with Amali.

Inspired by their father's spectacular track record in Dubai, the region and the world's high-end property development market, as well as their own experience at the helm of DAMAC Properties, Ali and Amira are dedicated to creating a new path for exceptional real estate.

As a trailblazing Emirati businesswoman, Amira Sajwani is known for her exacting standards of excellence, eye for design as well as an unerring commitment to quality.

At DAMAC Properties, Amira leads the firm's sales and development efforts in her capacity as Managing Director, and is hands-on throughout the property life-cycle, from design to construction, marketing and creative.

Amira is also the founder and CEO of PRYPCO, a revolutionary proptech platform that is steered by her tech expertise, innovation-led ethos and ability to forge key partnerships with agents, government authorities, global financial institutions and the community as a whole.

A serial Emirati entrepreneur with a knack for identifying opportunities others often miss, Ali Sajwani has made a name for himself as detail-oriented, digital-first leader.

Ali spearheads the digital transformation of DAMAC Properties as its Managing Director of Operations and Technology. To date, his efforts have been critical to the impressive expansion of the firm's growth, especially into new and untapped markets.

A great example of this is the Mandarin Oriental Resort in Maldives, a project he has led from inception, right through the development phase, helping extend DAMAC's hotel business into even more global markets.
