

LA CASTLE

— New Zayed —

ABOUT ZAYA

Zaya development was founded on the principles of credibility and quality.

We understand that real estate developers often face issues such as delayed delivery of units and low quality finishes.

That's why we offer you a unique lifestyle in the finest villa compounds surrounded by water and green spaces.

We believe that there is nothing more beautiful than building your own villa so that every detail is exactly how you and your family like it.

With Zaya development, you can create your dream home with ease and style.

LA CASTLE.

La Castle is a compound inspired by Nature that offers you the luxury of living in the midst of vast spaces and far from the noise of the city ..

For you , your family and the fresh air inside a standalone villa with a view in the morning of the landscape, the sun, the sound of birds and swimming pools . and at night, on the light of the moon in a barbecue party in the designated areas.

We do not offer a villa , We offer pure quiet life ..

Location

Zaya's projects are located in the New Sheikh Zayed area, which spans 18,000 acres and is licensed for building villas only.

This means that we are dedicated to building luxurious communities filled with amenities and comfort.

We are talking about the most luxurious residential community ever built.

We are talking about the future.
