ORASCOM  
DEVELOPMENT

*life as it should be*

Developing towns since 1989, Orascom Development Holding has been delivering on its unrelenting vision of creating sustainable leisure and residential towns. As an established global developer with substantial, delivered results, Orascom Development has a pipeline of prevailing projects in 3 continents and 7 countries.

*Welcome To*

Welcome to O West, Orascom Development's latest addition to its towns portfolio. Nestled in the heart of West Cairo, O West is set to rise as a beacon of integrated living. Envisioned as a complete sensory experience, full of energy and playing differently to everyone, from shops to restaurants, sports and social club to common spaces, this place offers an experience you can taste, touch, smell, hear, see and, more importantly, feel. It is constantly evolving and changing, adapting and growing. Like an ecosystem, everything within O West is intelligently and harmoniously designed to offer a true wholesome town experience. Imagine living in that place where everything has a story to tell. An origin that is so distinctive and very special.

O West is opening its door to make you delve into the little details. Experience life, as it should be...*because life, is in the details.*

# Masterplan

O West is set over an area of 1,007 acres and designed by HOK, one of the world's largest, most renowned and highly acclaimed architectural design firms. Founded in 1955 in St Louis, Missouri, HOK is responsible for a multitude of prestigious projects including the NASA Space Museum (Washington DC, USA), Apple Inc's Research & Development Campus (Cupertino, California, USA) and the Tokyo Telecom Center (Tokyo, Japan).

HOK's vision for O West's masterplan provides balanced and unique neighborhoods meticulously conceptualized into the fabric of the natural attributes of the site. Through the use of "Green Fingers", meandering green spaces that span the development, the outdoor spaces and picturesque views facilitate the core vision of social interaction in a community-focused urban environment. The O West site boasts incredible natural topography that facilitates the integration of a civic spine along the direction of the prevailing winds to provide natural cooling. This "high street" is a pedestrian-friendly access from the North to the South of the project. A journey by bicycle or on foot through the phases of O West will be a safe, accessible and enjoyable experience in a breathtaking urban environment.

 FUTURE EXTENSION

# *Landscape*

---

O West's landscaping is designed by EDSA, a world leader in the field with a core competency of creating passionate, distinctive, innovative and captivating environments. Headquartered in Florida, EDSA was founded in 1960 and has a global portfolio of over 500 projects spanning 100 countries including the Dubai Opera House, the PepsiCo World Headquarters in New York and the award-winning Four Seasons Resort Orlando at Walt Disney World, Florida.

EDSA's enduring appeal is vividly illustrated by their evergreen landscaping concept, creating meandering trails that engage pedestrians and establish a spontaneous relationship between residents and the open spaces, strengthening community interaction and celebrating the outdoors through an interconnected network of walking and cycling paths, enclosed by meticulously handpicked greenery.

# Architecture

---

The design and aesthetics of O West are tailored to capture the essence of a modern dynamic community. The elegant contemporary architecture, designed by local architects Ayman Arafa Designs, EKRAVD, Nara Studios, Lab59 and Schaduf, bridges O West's sustainable principles with functional construction. With its innovative design, lavish high ceilings, large and inviting spaces and the finest selection of materials and equipment, every nuance has been considered without compromise. O West's residences promise a very personalized, efficient, elegant, and trendy way of living.

Ayman Arafa Designs is an award-winning architectural practice which has completed over 50 projects of various scales. EKRAVD is a Cairo-based multi-disciplinary design studio with a portfolio of successful local and international projects. NARA Studios, one of Egypt's first visualization companies, has submitted over 100 projects both locally and internationally. Schaduf specializes in vertical gardens or 'green walls' and provides inspired green solutions that elevate the quality of life through social and environmental change. Lab59 is one of the emerging design studios in the Middle East, with a portfolio of innovative and inspiring design projects that clearly reflects its distinctive style and aesthetic values.

# WALKABILITY — & *ACCESSIBILITY*

The presence of walkable environments and transit systems may create alternatives to private car usage, thus reducing traffic congestion, noise and emissions. But at O West you do not walk because you have to, it is because you want to. Here, the infrastructure is planned to encourage walking because it is interesting and safe, but most importantly because well-planned roads and paths connect you to everywhere.

In line with Orascom Development's ethos of creating green sustainable towns, O West was meticulously designed to reflect and offer the ideal lifestyle. An emphasis on walkability and accessibility is at the heart of every community. Bus and e-bike stations are available for internal commuting within O West in all of its neighborhoods, along with pedestrian and bike pathways and tracks. From the environmental point of view, walking is a 'green' mode of transport, as it has low environmental impact and generates no air and noise pollution.

SOLAR

— & —

SHADING  
STUDIES

At O West, the importance of residents' comfort and community interaction is paramount. Urban and master planners have quantified the buildings' interaction with sunlight to improve efficiency and comfort, prevent dangerous glare, measure shadows and leverage clean on-site generation. These studies are essential to smartly allocate outdoor dining areas, gardens, child care centers and playgrounds.

## GREEN SPACES ————— ————— *wherever you go*

O West masterfully intertwines balance and harmony, encircling the town with a green belt that acts as a buffer against noise, dust and urban visual intrusive elements outside the town, as well as maintaining a security buffer. The Green Belt provides every neighborhood with ample green, open spaces and scenery.

And it's not only functional: the Green Belt is also a beautiful addition to the landscape.

O West offers an incredible opportunity to create an exemplary urban environment that facilitates the fruition of nature and cosmopolitan lifestyle alike. The O West masterplan is defined by the design of its landscape rather than the design of its buildings.

FACILITIES \_\_\_\_\_  
\_\_\_\_\_ *& Amenities*

# A BUSTLING — — *downtown*

The downtown district in O West is the joyful and vibrant central social and commercial hub of the entire development. From mega-anchors and boutique shops to restaurants and cafes, there is never a dull moment in this one-of-a-kind place.

Orascom Development prides itself on its superior know-how in the creation of authentic urban experiences. Art galleries, music and exhibition centers are woven into the fabric of the community, for a complete and authentic true town-living experience.

A white tennis shoe with white laces and a white sock is on the right. The scene is lit from the side, creating long shadows.

WEST CAIRO'S FINEST  
SOCIAL AND —————  
————— *Sports Club*

**O WEST SOCIAL & SPORTS CLUB**

Whether you're a sports enthusiast or looking to hang out with friends, look forward to a unique experience at one of West Cairo's largest social & sports clubs. O West Sports Club offers a safe space for friends and family to meet and socialize or the opportunity to take an active healthy lifestyle to another level, with an expanse of 42.9 acres of integrated activities all in one place.

# O COMMUNITY --- *Care*

Comfort is a top priority in O West. O Community Care is the point of contact for every O West resident, catering to their various needs. O Community Care is responsible for handling all the requests by the homeowners, covering all the essential facilities & structural services, with a 24/7 hotline available to ensure all their needs are met.

# EDUCATIONAL *Hub*

**KENT COLLEGE**  
WEST CAIRO

Kent College West Cairo is the second of its schools in the region after Dubai's campus. It applies the national UK curriculum followed by IGCSE, and the IB curriculum.

British Columbia Canadian International School (BCCIS) applies the educational system from the province of British Columbia, Canada, ranked as one of the best educational systems worldwide in the evaluation of the PISA. BCCIS West is the third BCCIS school to operate in Cairo.

**SIS**  
Saxony  
International  
School  
Cairo West

Saxony International School (SIS) is considered one of the leading German schools worldwide. SIS Cairo is its first school to operate outside Germany, offering the German "Abitur" curriculum and the International Baccalaureate (IB).

FOUNDED BY  
DR NERMEN ISMAIL

Nermen Ismail Schools (NIS) was recognized by AdvancedEd as the number one school in Egypt and accredited by Cognia and described as the institution with the best schooling system in Egypt. NIS offers both American and IGCSE curricula.

## MEDICAL CARE & ————— ————— *SPECIALIZED CLINICS*

Further ensuring that all residents' needs are catered for, a hospital and specialized clinics will serve the community to make sure the well-being of all the residents is always maintained.

## BUSINESS ——— ——— *& RETAIL*

○ West's mixed-use development redefines shopping and business, offering multiple boutique and shopping experiences and commercial buildings that will keep the downtown area buzzing with life, while still prioritizing green initiatives and sustainable buildings for a well-rounded living experience.

○ Business District is set to be the perfect destination for entrepreneurs and change makers, encouraging growth rather than merely a traditional work space.
